Oracle Data Platform 2025 Certified Foundations Associate

Issued by **Oracle**

The Oracle Data Platform 2025 Certified Foundations Associate certification is intended for individuals looking to demonstrate fundamental knowledge of data management services provided by Oracle. This certification is targeted towards candidates with non-technical backgrounds, such as those involved in selling or procuring cloud solutions, as well as those with a technical background who want to validate their foundational-level knowledge around core Oracle Data Management services. This exam does not require any hands-on technical experience and is not a prerequisite for taking any other Oracle certifications

Expiration Date: September 03, 2027
